MEMORANDUM FOR: The Director

Bill:

I notice from your calendar that you are seeing Clover Dulles on Sunday, the 18th of November. She may bring up the fact that Mr. F. Garner Ranney is helping her with the deed of gift of Allen's papers to Princeton and that Mr. Ranney has asked for my help in drafting a proper deed. This is a labor of love as there is no real problem from the Agency point of view and I am doing what I can to help. I sent Clover a copy of my only letter to Ranney on the subject.
